

## 73x20mm Ucode 8/9

This label is compatible with EPC C1G2 (ISO18000-6C) standard, operating frequency is 860~960MHz. Each tag has a unique ID and stores user data. It is designed for apparel management, logistics management, assets management, etc.

### Physical Features:

|                       |                                |
|-----------------------|--------------------------------|
| Antenna Size:         | 70x15mm                        |
| Wet Inlay/Label Size: | 73x20mm(customized)            |
| Label Material:       | Coated Paper/PET/Fragile Paper |
| Working Temp:         | -40~+85℃                       |
| Storage Temp:         | -40~+85℃                       |

### RFID Features:

|                         |                             |
|-------------------------|-----------------------------|
| RFID Standard:          | ISO/IEC 18000-6C (EPC Gen2) |
| Chip Type:              | NXP Ucode 8/9               |
| EPC Memory:             | 128/96 bits                 |
| TID Memory:             | 96/96 bits                  |
| Read Range(2W ERP FCC): | 10-15m                      |

### Other Features:

|                |                                                                                                                                                                          |
|----------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Data Storage:  | > 10 years                                                                                                                                                               |
| Re-write:      | 100,000 times                                                                                                                                                            |
| Customization: | Printing LOGO, Barcode, Serial number, Encoding, Designing, etc                                                                                                          |
| Application:   | <ul style="list-style-type: none"> <li>• Apparel management</li> <li>• Logistics management</li> <li>• Document management</li> <li>• Assets management, etc.</li> </ul> |
